# system navigation

# login / logout

## Login

In order to access the vixen Telco Management System, you will require an employee Username and Password. Your unique Username and Password must be entered on the login page when requested. The vixen system does not allow simultaneous access from different computers with the same Username and Password, therefore it is important that you do not use another employees Username and Password or allow another employee to use yours.

***Note: If someone else logs in with your Username and Password, you will automatically be logged out.***

## Logout

You can log out of the system by clicking on the following icon in the side menu:

After confirming that you wish to logout, your current session will be ended and your browser will return to the Login page.

***Note: If the system is left unused for 20 minutes or more, an automatic logout will occur. Attempting to load a new page or submit data at this time will be unsuccessful, and you will be returned to the Login page.***

# ***employee console***

## **Employee Console**

After you have logged into the system, you will be taken to the employee console. This page provides you with five main options as shown below:

### **Add Customer**

Add a new customer to the system.

### **Find Customer**

Find a customer and access their account.

### **Recent Customers**

View recently accessed customers.

### **View Available Plans**

View details of available plans.

### **Logout**

Logout of the system.

**Note:** *These options are also available in the side menu on every page.*

# ***view available plans***

## **System Navigation**

Employee Console

View Available Plans

## **View Available Plans**

You can view a list of all available rate plans by clicking on the following icon in the side menu:

To search for a particular rate plan, enter the 'Plan Name' and select a 'Service Type' in the search fields shown below.

**Search for a Plan**

**Plan Name** : contains

**Service Type** :

ADSL Connection

Search

**Note:** You can view the rates associated with a particular rate plan by clicking on 'View Plan Details' in the displayed list. (see 'View Rate Plan Details')

# add customer

## System Navigation

Employee Console

Add Customer

## Add Customer

To add a new customer to the system, select the 'Add Customer' option from the side menu. Ensure all required fields are entered, as the Customer will not be added to the system without these fields. A description of the different types of required fields can be found at the bottom of the 'Add Customer' page, and is as follows:

\* : Required Field

1 : One or both fields required

2 : One or both fields required

# : Required only when the associated option is selected

Account details are used to specify general details about the business. The ABN/ ACN fields will turn green when the number entered is valid. A red field signifies an invalid ABN or ACN. ABN & ACN can be entered with or without spaces.

### Account Details

* Business Name :	<input type="text" value="Vixen Systems"/>
Trading Name :	<input type="text"/>
1 ABN # :	<input type="text"/>
1 ACN # :	<input type="text" value="000 000 000"/>
* Address (Line 1) :	<input type="text" value="5 James St"/>
Address (Line 2) :	<input type="text"/>
* Suburb :	<input type="text" value="Brisbane"/>
* Postcode :	<input type="text" value="4000"/>
* State :	<input type="text" value="QLD"/>
* Customer Group :	<input type="text" value="Telco Blue"/>

**Note: The address details on this page are the customers billing address**

# add customer

Direct Debit and Credit Card details are not required unless the customer has elected to use that billing option. Additional Billing details can be added at a later stage if required. (See 'Add Bank Account Details', 'Add Credit Card Details')

## Billing Details

* <u>Billing Method :</u>	Post <input type="button" value="v"/>
* <u>Payment Method :</u>	<input type="radio"/> Invoice
	<input checked="" type="radio"/> Direct Debit - from Bank Account
# <u>Bank Name :</u>	<input type="text" value="Westpac"/>
# <u>BSB # :</u>	<input type="text" value="123 123"/>
# <u>Account # :</u>	<input type="text" value="321 321"/>
# <u>Account Name :</u>	<input type="text" value="J Doe"/>
	<input type="radio"/> Direct Debit - from Credit Card
# <u>Card Type :</u>	<input type="text" value="Visa"/> <input type="button" value="v"/>
# <u>Card Holder Name :</u>	<input type="text"/>
# <u>Credit Card Number :</u>	<input type="text"/>
# <u>Expiration Date :</u>	<input type="text" value="1"/> <input type="button" value="v"/> / <input type="text" value="2007"/> <input type="button" value="v"/>

**Note: BSB #, Account # & Credit Card # Can be entered with or without spaces**

# *add customer*

Each Account must have a Primary Contact who oversees the Account. Additional Contacts may be added to the Account at a later stage if required. (See 'Add Contact'). Below is an example of the details required to add a Contact.

## Primary Contact Details

* <a href="#">Title</a> :	<input type="text" value="Miss"/>
* <a href="#">First Name</a> :	<input type="text" value="Jane"/>
* <a href="#">Last Name</a> :	<input type="text" value="Doe"/>
* <a href="#">Date of Birth</a> :	<input type="text" value="15"/> / <input type="text" value="6"/> / <input type="text" value="1976"/>
<a href="#">Job Title</a> :	<input type="text" value="Manager"/>
* <a href="#">Email Address</a> :	<input type="text" value="jdoe@vixen.com.au"/>
2 <a href="#">Phone Number</a> :	<input type="text"/>
2 <a href="#">Mobile Number</a> :	<input type="text" value="0411 121 323"/>
<a href="#">Fax Number</a> :	<input type="text"/>
* <a href="#">Username</a> :	<input type="text" value="janedoe"/>
* <a href="#">Password</a> :	<input type="text" value="password"/>

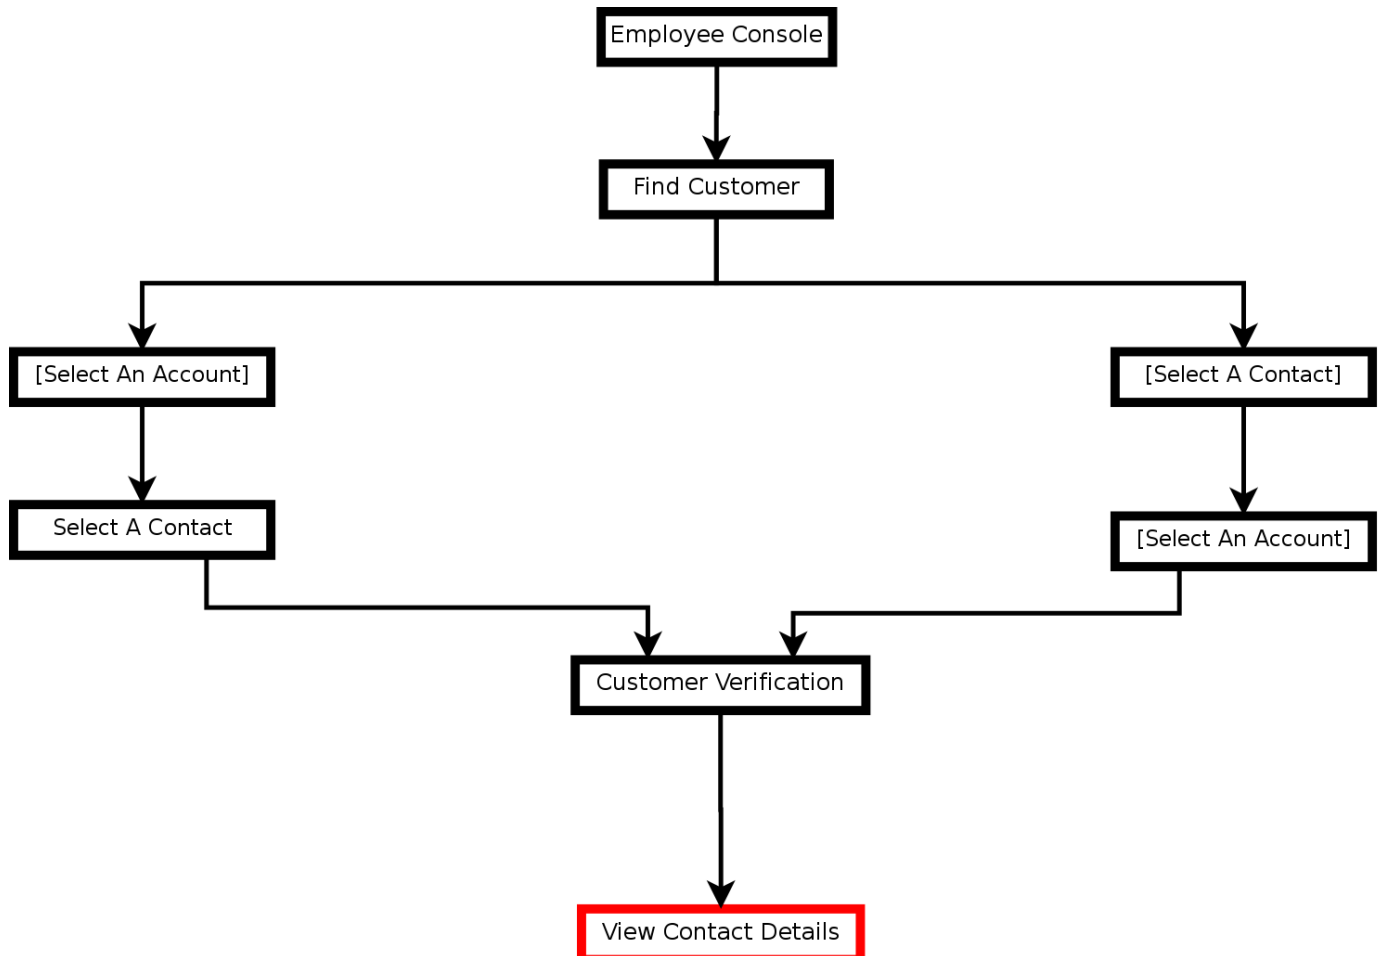

Once you have entered all required fields and continued, the 'View Account Details' page will be displayed, indicating that the customer has been successfully added.

**Note.** This form will add a new Customer. If you wish to add an Account to an existing Customer, you will need to use the 'Add Associated Account' link from the existing account.

# find customer

## System Navigation

**Note:** System Navigation diagrams throughout the remainder of this documentation will generally begin with the 'View Account Details' or 'View Contact Details' page, as they will be based on a Verified Customer.

# find customer

## Find Customer

You can search for a customer by clicking on the following icon in the side menu:

There there are a number of search options on the 'Find Customers' page to help you search for a customer. You may search by any **one** of the first six fields, **OR** by **both** First and Last Name. Some examples are shown below.

The full business name is not required to find a customer, as all results which contain your search will be displayed. However, the full number must be entered when searching by Account ID, ABN, ACN, Invoice #, or Service #, as these fields will only return exact matches.

### Search for a Customer

To search for a Customer, enter **only one** of the following:

Account ID :	<input type="text"/>	
ABN # :	<input type="text"/>	1
ACN # :	<input type="text"/>	1
Invoice # :	<input type="text"/>	
Service # :	<input type="text"/>	1
Business Name :	<input type="text" value="vixen"/>	

Or, enter **both** of the following:

First Name :	<input type="text"/>
Last Name :	<input type="text"/>

# find customer

You are not required to enter the full name of the customer you are searching for, as all results which contain you search will be displayed. However, you are required to enter at least a partial name into both of the name fields. An example is shown below.

## Search for a Customer

To search for a Customer, enter **only one** of the following:

Account ID :	<input type="text"/>	
ABN # :	<input type="text"/>	!
ACN # :	<input type="text"/>	!
Invoice # :	<input type="text"/>	
Service # :	<input type="text"/>	!
Business Name :	<input type="text"/>	

Or, enter **both** of the following:

First Name :	<input type="text" value="j"/>
Last Name :	<input type="text" value="doe"/>

**Note: Some search options include Archived results. These are denoted by a <sup>1</sup> on the right hand side of the field.**

## Search For A Customer

Depending on your search, you may be taken via the 'Select An Account' page to further identify the contact before they can be verified. If there is more than one account which matches your search, you will be asked to select an account from a list similar to the one shown below.

### Select an Account

**Business Name :** vixen

#	Business Name	Trading Name	Suburb / Postcode
1.	Vixen Systems		Brisbane, 4000
2.	Vixen Ink		Brisbane, 4000

[Continue »](#)

Once you have selected an account, or if there was only one result which matched your search, you will be taken to the 'Select A Contact' page. Here you must select the name of the contact who wishes to access the account from a list of available contacts, as shown below.

### Select a Contact

**Business Name :** Vixen Systems

**Full Name :**

[Continue »](#)

**Note: If the contact does not appear in the list on the 'Select A Contact' page, then they are not authorised to gain access to the account.**

# find customer

## Search For A Customer (By Name)

Depending on your search, you may be taken to a number of pages to further identify the contact before they can be verified. If there is more than one result which matches your search, you will be taken to the 'Select A Contact' page. Here you must select the correct contact from a list similar to the one below.

### Select a Contact

First Name : j  
Last Name : doe

#		Title	First Name	Last Name	Job Title	Business Name	Suburb / Postcode
1.		Miss	Jane	Doe	CEO	Vixen Systems	Brisbane, 4000
2.		Mr	John	Doe		Vixen Systems	Brisbane, 4000
3.		Mr	Jack	Doe		Vixen Ink	Brisbane, 4000

Continue »

Once you have selected a contact from the list, or if there was only one result which matched your search, you may be taken to the 'Select An Account' page. This will only occur if the contact has access to more than one account. Here you must select an account to be used for verification from a list similar to the one below:

### Select an Account

First Name : j  
Last Name : doe

#		Business Name	Trading Name	Suburb / Postcode
1.		Anjuta Systems		Coorparoo, 4151
2.		Vixen Systems		Brisbane, 4000

Continue »

## Customer Verification

Customers can only gain access to an account once they have been verified. To pass verification, contacts must provide a sufficient number of correct details about themselves or their account. Initially, the verification page will appear similar to the example below. Different fields will appear on the verification page based on the available details for a particular customer.

### Customer Verification

Customers must provide verification details before being allowed access to an Account. Input boxes will turn green when correct details have been entered. The continue button will turn green once sufficient verification details have been entered.

**Business Name :** Vixen Systems  
**Address :** ☐ Address verified by customer  
5 Edward St  
Brisbane, 4000

**Account ID :**   
**ACN # :**

**Full Name :** Jane Doe  
**Date of Birth :**  /  /   
**Email Address :**

**Credit Card Number :**   
**Expiration Date :**  /

Continue »

**Note:** The continue button is disabled until sufficient information has been entered.

**Note:** See Appendix A for details of Customer Verification requirements.

# find customer

Any of the fields on this page can be used to verify a customer, however **not all fields are necessarily required**. If the details supplied by the contact are correct, the field will turn **green** once the information is entered, as shown below. Once a sufficient number of correct details have been entered the 'Continue' button will turn **green** and become enabled, also shown below. At this point, the customer has been successfully verified and can access their account.

## Customer Verification

Customers must provide verification details before being allowed access to an Account. Input boxes will turn green when correct details have been entered. The continue button will turn green once sufficient verification details have been entered.

**Business Name :** Vixen Systems

**Address :** ☒ **Address verified by customer**

5 Edward St

Brisbane, 4000

**Account ID :** 1000162948

**ACN # :**

**Full Name :** Jane Doe

**Date of Birth :** 15 / 06 - JUN / 1976

**Email Address :**

**Credit Card Number :**

**Expiration Date :**

Continue »

## ***Add Account Notes***

Notes can be attached to an account from the 'View Account Details' page. To add a note to an account enter the note text into the field shown below. Different note types can be selected from the drop down list below the text field.

Available note types are:

General Notice

Follow Up Required

Attention Notice

Complaint

none

default

System Notice

### **Account Notes**

Type new note for this account in the field below:

General Notice

Add Note »

# ***add associated account***

## **System Navigation**

## **Add Associated Account**

To add an additional account to an existing customer, select the 'Add Associated Account' link from the 'View Account Details' or 'View Contact Details' page. Ensure all required fields are entered, as the Account will not be added to the system without these fields. A description of the different types of required fields can be found at the bottom of the 'Add Customer' page, and is as follows:

\* : Required Field

1 : One or both fields required

2 : One or both fields required only when the associated option is selected.

# : Required only when the associated option is selected

Account details are used to specify general details about the business. The ABN/ ACN fields will turn green when the number is valid. A red field signifies an invalid ABN or ACN.

### **Account Details**

* <b>Business Name :</b>	<input type="text" value="Anjuta Systems"/>
<b>Trading Name :</b>	<input type="text"/>
1 <b>ABN # :</b>	<input type="text" value="32 639 084 466"/>
1 <b>ACN # :</b>	<input type="text"/>
* <b>Address (Line 1) :</b>	<input type="text" value="72 Smith St"/>
<b>Address (Line 2) :</b>	<input type="text"/>
* <b>Suburb :</b>	<input type="text" value="Coorparoo"/>
* <b>Postcode :</b>	<input type="text" value="4151"/>
* <b>State :</b>	<input type="text" value="QLD"/>
* <b>Customer Group :</b>	<input type="text" value="Telco Blue"/>

# ***add associated account***

Direct Debit and Credit Card details are not required unless the customer has elected to use that billing option. Additional Billing details can be added at a later stage if required. (See 'Add Bank Account Details', 'Add Credit Card Details')

## **Billing Details**

* <a href="#">Billing Method</a> :	Post <input type="button" value="v"/>
* <a href="#">Payment Method</a> :	<input type="radio"/> Invoice
	<input type="radio"/> Direct Debit - from Bank Account
# <a href="#">Bank Name</a> :	<input type="text"/>
# <a href="#">BSB #</a> :	<input type="text"/>
# <a href="#">Account #</a> :	<input type="text"/>
# <a href="#">Account Name</a> :	<input type="text"/>
	<input type="radio"/> Direct Debit - from Credit Card
# <a href="#">Card Type</a> :	Visa <input type="button" value="v"/>
# <a href="#">Card Holder Name</a> :	<input type="text" value="jdoe"/>
# <a href="#">Credit Card Number</a> :	<input type="text" value="8888 1111 2222 3333"/>
# <a href="#">Expiration Date</a> :	<input type="text" value="10"/> / <input type="text" value="2009"/>

# ***add associated account***

Each Account must have a Primary Contact who oversees the Account. Additional Contacts may be added to the Account at a later stage if required. (See 'Add Contact'). Below is an example of nominating a Primary Contact for an associated account.

## **Primary Contact Details**

☒ **Select an existing contact from the list below:**

Miss Jane Doe ▾

☐ **Create a new Contact using the following details:**

# Title :

# First Name :

# Last Name :

# Date of Birth :

DD ▾ / MM ▾ / YYYY ▾

Job Title :

# Email Address :

2 Phone Number :

2 Mobile Number :

Fax Number :

# Username :

# Password :

***Note: None of the fields for creating a new contact are required when an existing contact is selected.***

Once you have entered all required fields and continued, the 'View Account Details' page will be displayed, indicating that the account has been successfully added.

# edit account details

## System Navigation

## Edit Account Details

The 'Edit Account Details' page allows you to change the business details of an account. Please ensure all required fields have been entered, as the account details cannot be changed without these fields. A description of the different types of required fields can be found at the bottom of the 'Edit Account' page, and is as follows:

\* : Required Field

1 : One or both fields required

The ABN/ ACN fields will turn green when the number is valid. A red field signifies an invalid ABN or ACN.

### Account Details

Address (Line 2) :	<input type="text"/>
* Suburb :	<input type="text" value="Brisbane"/>
* Postcode :	<input type="text" value="4000"/>
* State :	<input type="text" value="QLD"/>
Country :	AU

# *edit account details*

The 'Edit Account Details' page also allows you to archive an account. To archive an account, check the archive box shown below. The account can be unarchived if required by unchecking the box.

## Archive Status

This Account is **Currently Available**.

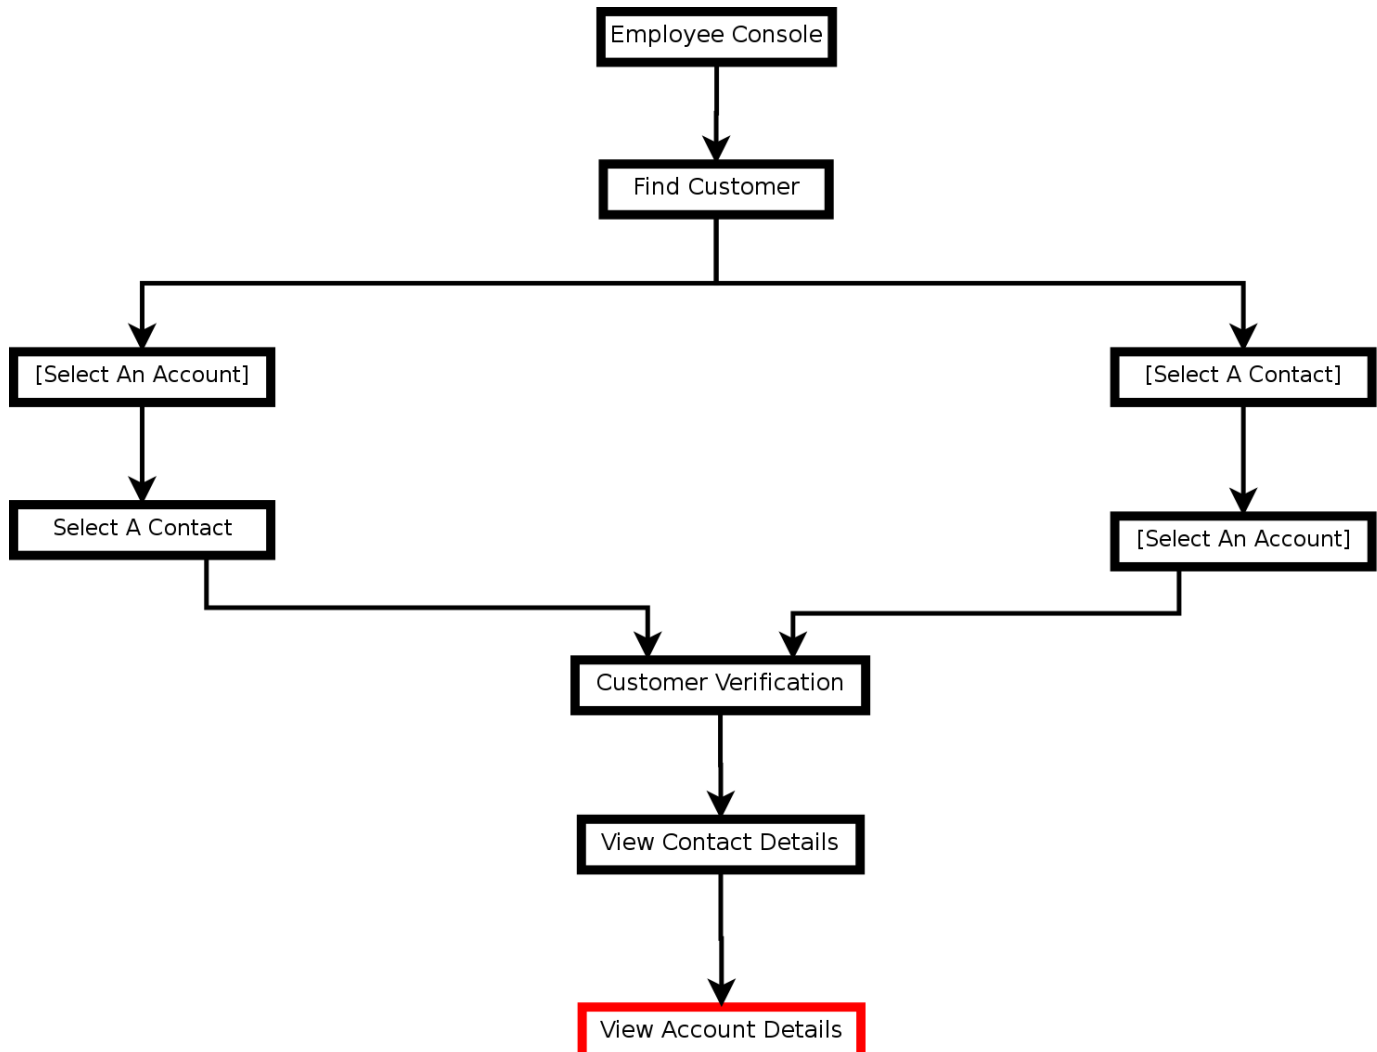

☐ **Archive** this Account.

Once you have edited the account details and continued, you will be returned to the 'View Account Details' page, indicating that any changes have been successfully applied.

# ***view account details***

## **System Navigation**

# view account details

## View Account Details

This is the primary page for accessing account details. It allows you to view the details of an account, as well as accessing a number of account options, including 'Edit Account', 'Add Contact' and 'Make Payment'. Below is an example list of the Account details listed on this page.

### Account Details

<a href="#">Account ID :</a>	1000162948
<a href="#">Account Balance :</a>	<b>\$0.00</b>
<a href="#">Business Name :</a>	Vixen Systems
<a href="#">ACN # :</a>	000 000 000
<a href="#">Address (Line 1) :</a>	5 Edward St
<a href="#">Suburb :</a>	Brisbane
<a href="#">Postcode :</a>	4000
<a href="#">State :</a>	QLD
<a href="#">Country :</a>	AU
<a href="#">Archived :</a>	<b>Currently Available</b>

[Edit Account Details](#)

# view account details

The 'View Account Details' page also shows a list of contacts associated with the account. These contacts can be viewed via the 'View' link in the 'Actions' column.

[Select From Existing Contacts](#)

## Active Contacts

Contact Details	Actions
 <b>Jane Doe</b> janedoe	<a href="#">View</a>
 <b>John Doe</b> johndoe	<a href="#">View</a>

[Add Contact](#)

Additionally, list of services associated with the account is displayed. To view an individual service, click on the service number. You can also access a list of service notes or unbilled charges for a service from the links in the 'Actions' column

## Services

#	Service #	Service Type	Plan Name	Archive Status	Actions
1.	<a href="#">0433555888</a>	Mobile Telephone	\$35 Cap	<b>Closes On: Friday, Feb 09, 2007</b>	<a href="#">View Notes</a> , <a href="#">View Unbilled Charges</a>
2.	<a href="#">0733334444</a>	Land Line Telephone	Residential	<b>Opens On: Tuesday, Jan 30, 2007</b>	<a href="#">View Notes</a> , <a href="#">View Unbilled Charges</a>

# ***view account notes***

## ***System Navigation***

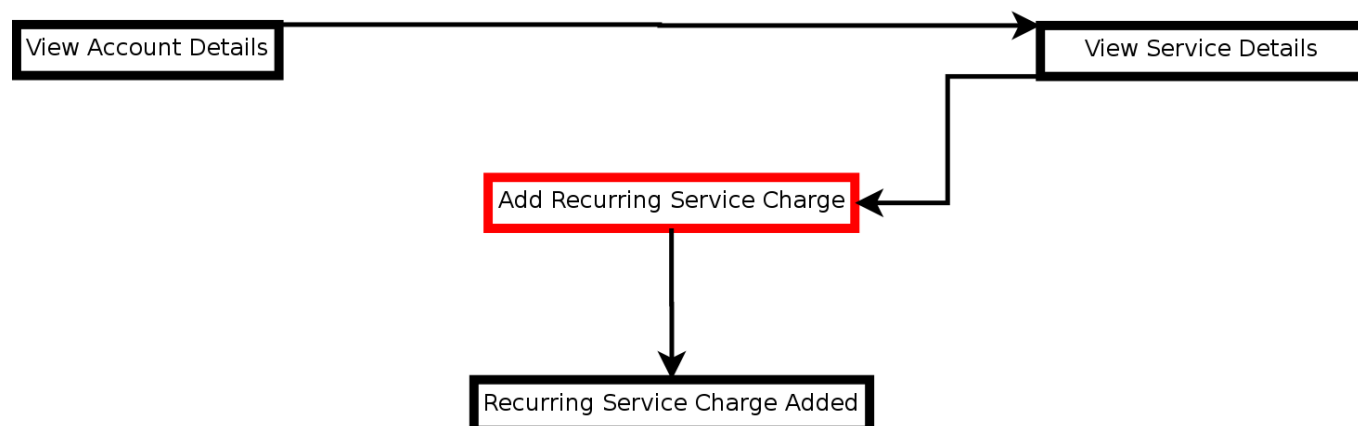

## ***View Account Notes***

The five most recent account notes are displayed on the 'View Account Details' page. To view a complete list of notes for an account, select the 'View All Account Notes' link on the 'View Account Details' page.

# ***add recurring charge/credit***

## **System Navigation**

## **Add Recurring Charge/Credit**

To add a recurring charge or credit to a service, go to the 'View Service Details' page for the appropriate service. At the bottom of the first column, there is a list of pre-defined recurring charges and credits which can be added to the service. Select the charge or credit you wish to add, and continue, as shown below.

### **Add Recurring Charge**

Charge Code :

**Add Recurring Charge »**

# add recurring charge/credit

After selecting a recurring charge or credit you will be taken to a list of details about the recurring charge, similar to the one below. If the charge is not fixed, you may adjust the recursion charge if required. After clicking the 'Add Charge' button, a message page will be displayed confirming that the charge was added successfully.

## Recurring Charge Details

<a href="#">Service ID</a> :	38032
<a href="#">Service #</a> :	0733334444
<a href="#">Charge Code</a> :	10001
<a href="#">Description</a> :	Recurring Charge
<a href="#">Recursion Charge</a> :	\$50.00
<a href="#">Nature</a> :	DR

Add Charge »

# add charge/credit

After selecting a charge or credit you will be taken to a list of details about the charge, similar to the one below. If the charge is not fixed, you may adjust the charge if required. After clicking the 'Add Charge' button, a message page will be displayed confirming that the charge was added successfully.

## Charge Details

Service ID :	38032
Service # :	0733334444
Charge Code :	10001
Description :	Charge
Amount :	\$35.0000
Nature :	DR

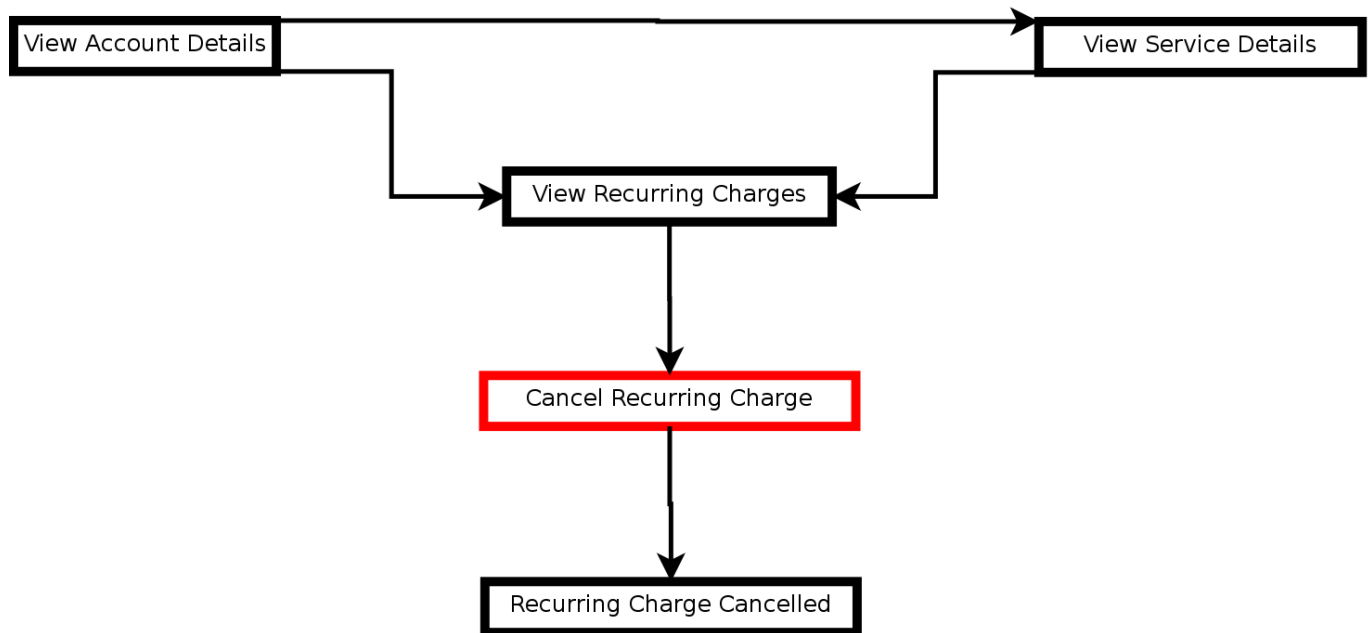

Add Charge »

**Note: Credits will not appear on a customers invoice until they have been approved by an administrator.**

# cancel recurring charge

## System Navigation

## Cancel Recurring Charge

You can cancel a service's recurring charge via the "View Recurring Charge" page. Select the 'Cancel Charge' action from the recurring charges table. As cancelling a recurring charge will often incur a fee for the customer, a list of all outstanding costs associated with the charge will be displayed. An example is shown below. Confirm these charges to continue the cancellation. A message page will then be shown indicating that your cancellation was successful.

### Cancellation Details

**Warning :** Cancelling this account will incur a cost to the Customer.

Minimum Charge : \$50.00

Additional Charge : + \$0.00

Cancellation Fee : + \$25.00

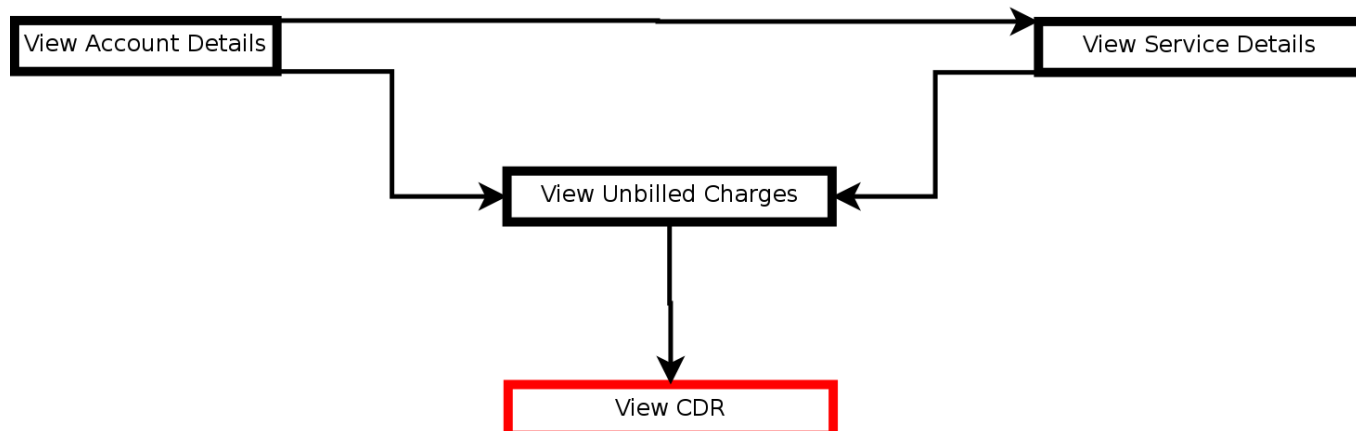

**Total Cancellation Cost: \$75.00**

# dispute invoice

## System Navigation

## Dispute Invoice

To dispute an invoice, click on the 'Dispute Invoice' link from the 'View Invoice Details' page. A list of costs associated with the invoice will be displayed, as shown in the example below. Enter the amount the customer has disputed in the 'Disputed' field and continue. A confirmation page will be displayed, indicating that the invoice has been successfully marked as disputed. The invoice will be marked as 'In Dispute' on the 'View Invoice Details' page until the dispute is resolved.

### Dispute Details

Invoice # :	137549
Debits :	\$50.00
Credits :	- \$20.00
Tax :	+ \$5.00
<hr/>	
Amount :	\$35.00
Disputed :	<input type="text" value="15"/>

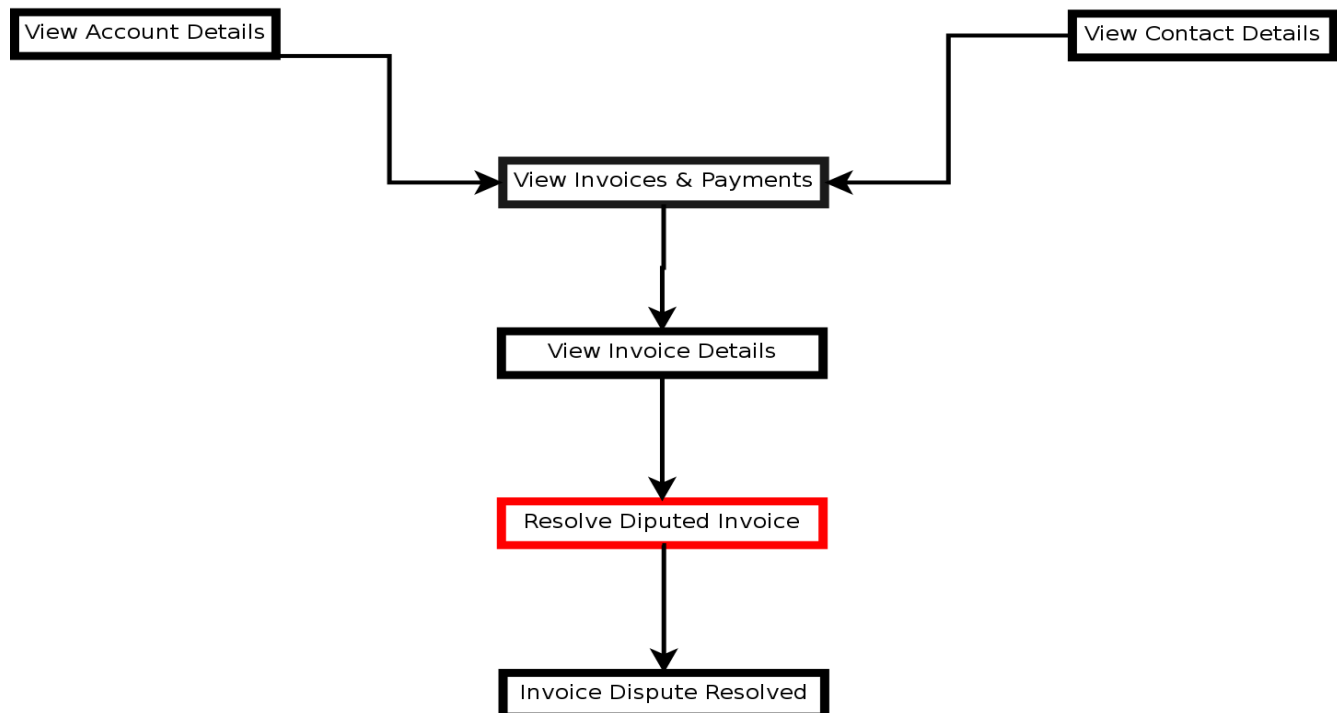

**Note:** Invoice amounts that are in dispute will not be subject to normal collection procedures.

# ***resolve disputed invoice***

## **System Navigation**

# resolve disputed invoice

## Resolve Disputed Invoice

To resolve a disputed invoice, click on the 'Resolve Dispute' link on the 'View Invoice Details' page of a disputed invoice. A list of costs associated with the invoice will then be displayed, as shown in the example below. You must then select one of the 3 options available to resolve a disputed invoice. The first option requires that the customer pay the entire disputed amount. The second option allows you to enter a negotiated amount for the customer to pay. The third option waves the entire amount, and the customer will not be required to pay any of the disputed amount. After you have selected an option and continued, a confirmation page will be displayed, indicating that the invoice has been successfully resolved. If either the second or third option is selected, a credit will automatically be generated against the customers' account. This credit will not appear on the customers' invoice until it has been approved by an administrator.

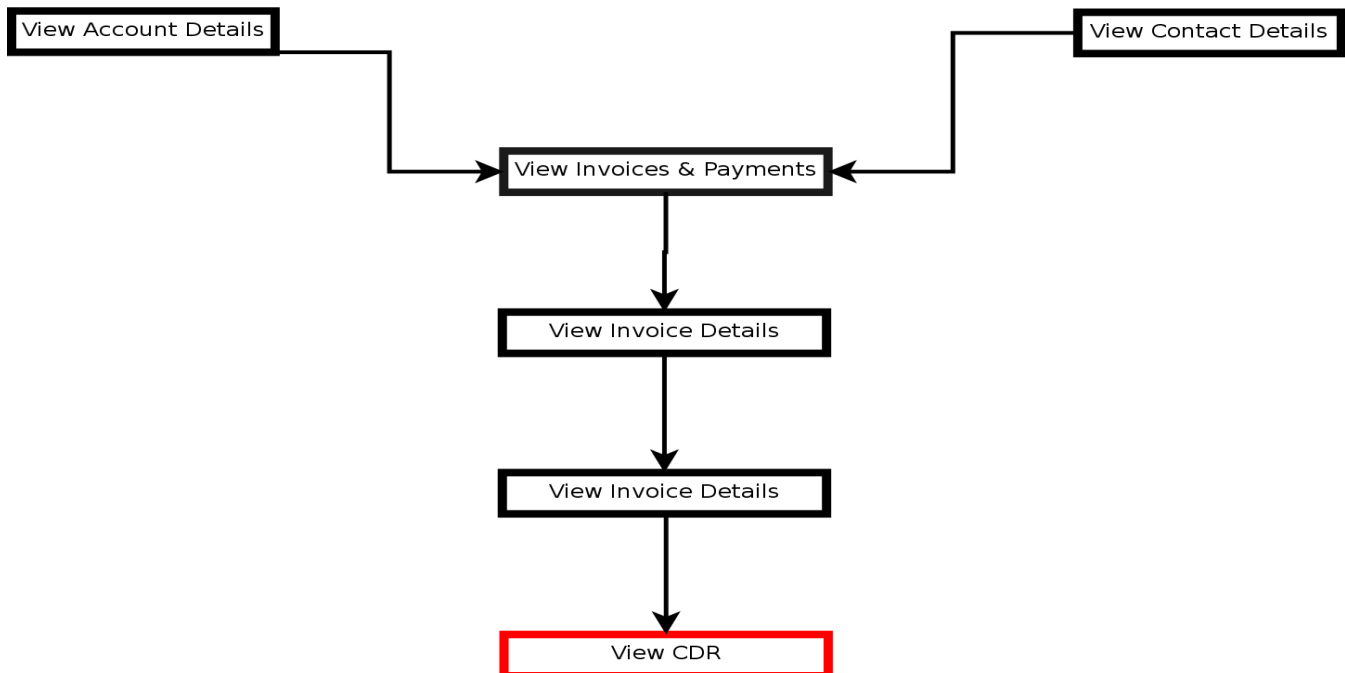

### Dispute Details

# add bank account details

## System Navigation

## Add Bank Account Details

To add bank account details, select the 'Add Bank Account Details' link from the 'Change Payment Method' page. Enter details into each of the fields, as all fields on this page are required.

### Bank Account Details

* <u>Bank Name</u> :	<input type="text" value="National"/>
* <u>BSB #</u> :	<input type="text" value="444 555"/>
* <u>Account #</u> :	<input type="text" value="456 456"/>
* <u>Account Name</u> :	<input type="text" value="Jane Doe"/>

**Note:** When bank account details are added the payment method for the account will automatically default to the new details.

**Note:** Bank account details are added to an account group, i.e. all associated accounts will have access to these details. However, an associated account will not use the new details unless the payment method for that account is manually changed.

# add credit card details

## System Navigation

## Add Credit Card Details

To add credit card details, select the 'Add Credit Card Details' link from the 'Change Payment Method' page. Ensure that all required fields have been entered, as the new details will not be added without these fields. Required fields are denoted with a '\*'.

### Credit Card Details

* Card Type :	Visa
* Card Holder Name :	Jane Doe
* Credit Card Number :	3333 4444 5555 6666
* Expiration Date :	1 / 2010
CVV# :	

**Note:** When credit card details are added the payment method for the account will automatically default to the new details.

**Note:** Credit card details are added to an account group, i.e. all associated accounts will have access to these details. However, an associated account will not use the new details unless the payment method for that account is manually changed.

**Note:** Credit Card details can be added with or without spaces.

# change payment method

## System Navigation

## Change Payment Method

This page allows you to change the method by which an account is paid. To do this, select the 'Change Payment Method' link from the options on the 'View Account Details' page for the required account. There are 3 types of payment methods which can be selected. The 'Invoice' option simply invoices the customer when required. Selecting a bank account will automatically direct debit the amount owed from the bank account. Similarly, selecting a credit card will automatically direct debit the amount from the selected credit card. Additional bank or credit card details can be added via the links beneath each of the tables. (See 'Add Bank Account Details', 'Add Credit Card Details'). Select the appropriate method, and continue. A page will be displayed confirming that the payment method has been changed.

### Payment Method

☐ Invoice

Direct Debit from a Bank Account :

#	Bank Name	BSB#	Account Number	Account Name

## System Navigation

## Provisioning

The provisioning page is the primary page for provisioning options, and displays details for the service you are viewing. From this page you can also perform a provisioning request, or edit the service address details. There are also links to the “View Provisioning History” and “View Provisioning Requests” pages. You can also add or view service notes from this page.

### Service Details

<u>Account ID</u> :	1000162948
<u>Business Name</u> :	Vixen Systems
<u>Service ID</u> :	38032
<u>Service #</u> :	0733334444
<u>Service Type</u> :	Land Line Telephone

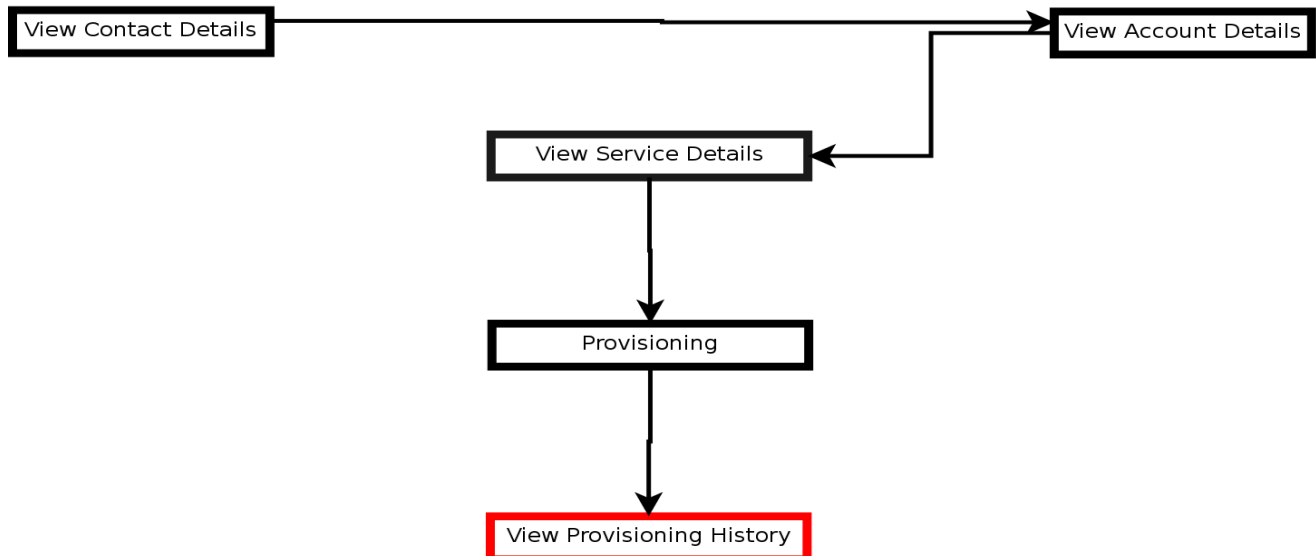

**Note:** This page is only available for landline services.

# ***view provisioning history***

## ***System Navigation***

## ***View Provisioning History***

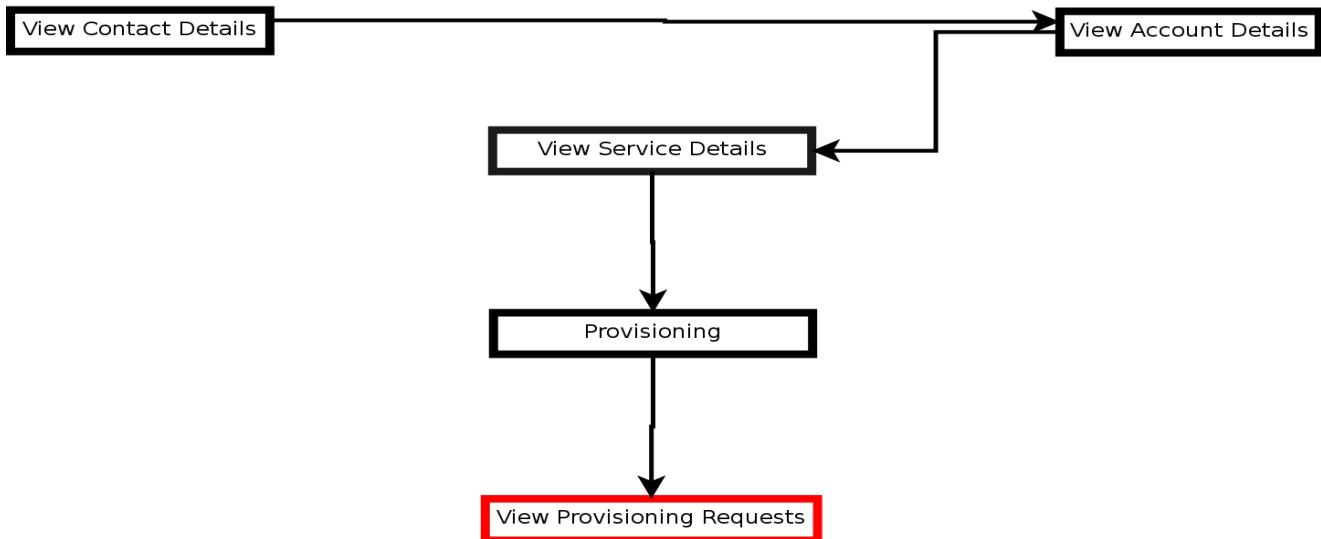

This page shows a list of sent and received provisioning requests for the service. It includes details such as the date, carrier, and type of provisioning request.

# view provisioning requests

## System Navigation

## View Provisioning Requests

This page shows a list of provisioning requests, including the response status. You can cancel any unprocessed provisioning requests from this page by selecting the 'Cancel' action. (See Cancel Provisioning Request)

The screenshot shows a web application interface. At the top, there are two links: [View Provisioning History](#) and [View Provisioning Requests](#). Below these links is a white box titled 'Provisioning Requests'. Inside this box is a table with the following data:

#	Date	Carrier	Type	Probable Response	Actions
1.	Wednesday, Jan 31, 2007	Optus	Full Service	Unprocessed	<a href="#">Cancel</a>

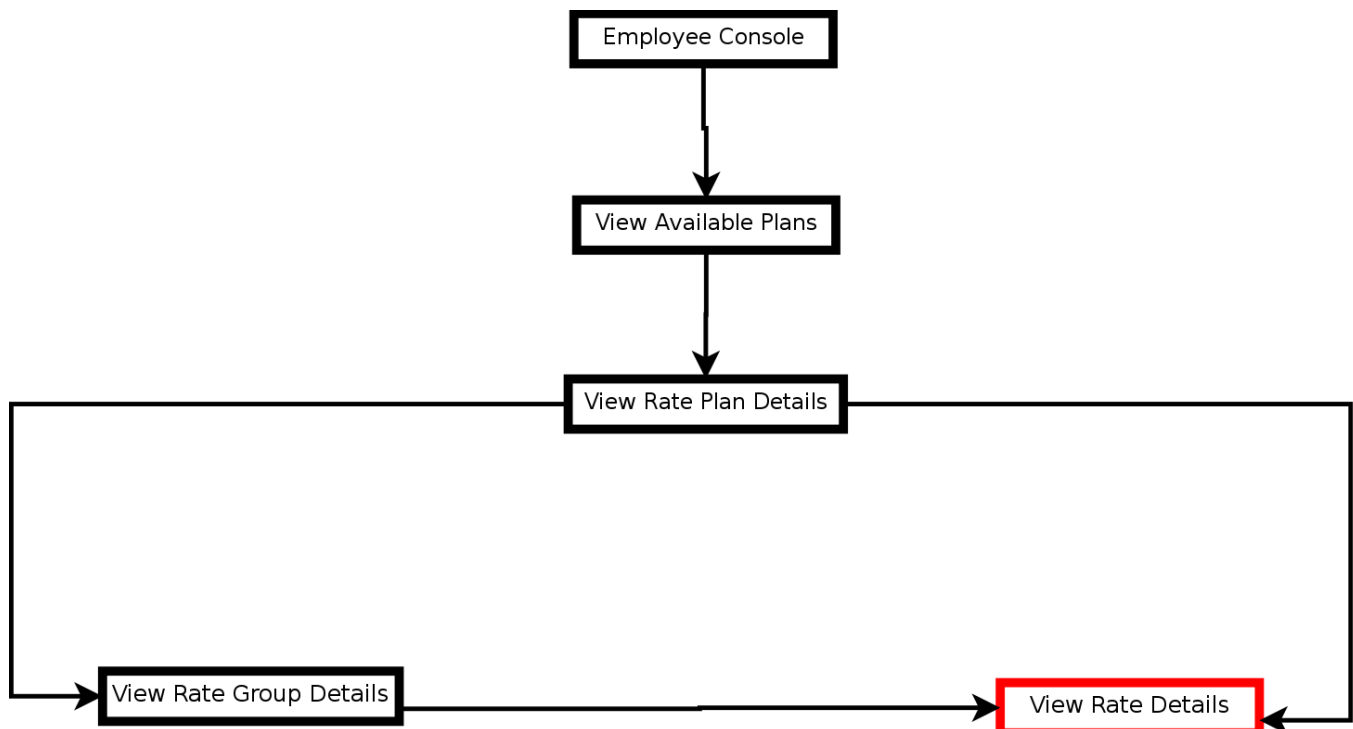

Below the table, there is a section titled 'Provisioning Requests' with the text 'Requests that have been (or will be) Sent'. In the bottom right corner of the white box, there is a 'CLOSE X' button.
